## SECTION I – GENERAL INFORMATION AND STATEMENT OF WORK

### 1. PROJECT SUMMARY

- 1.1. Texas Parks and Wildlife Department (TPWD) is seeking sealed proposals for AQUATIC HERBICIDE APPLICATION SERVICE for the treatment and control of nuisance aquatic vegetation on water bodies located throughout Texas, in accordance with the following specifications and terms and conditions.
- 1.2. Contractor(s) shall provide all labor, transportation, travel and per diem, equipment and materials (*excluding herbicides and surfactants when supplied by TPWD*), and any other need necessary or incidental to successfully complete the service described herein.
- 1.3. TPWD intends to furnish all herbicides and surfactants to be utilized under the awarded contract(s). TPWD reserves the right to require Contractor to supply herbicide and/or surfactant products for individual projects for reimbursement. TPWD will furnish no other material, labor, equipment, or facilities unless otherwise provided for in this contract.
- 1.4. Intent: It is TPWD's intent to establish a Qualified Contractors List as a result of this solicitation, and thus intends to make multiple awards to qualified contractors for the services described herein, as determined to be in the best interest of TPWD. Refer to [Section I, Subsection 11](#) for contractor selection for individual projects. TPWD intends to use the selected qualified contractors, while reserving the right to obtain service from other sources or perform the services in-house.
- 1.5. Respondents may seek inclusion on the Qualified Contractors List based on ability to meet contract requirements on select water bodies in Texas and need not have the ability to perform work on all water bodies listed below in this document.

### 2. BACKGROUND

- 2.1. TPWD is the agency responsible for managing fish and wildlife resources in this state. TPWD is responsible for management and taking measures to control nuisance aquatic vegetation on public bodies of water directly controlled by TPWD. TPWD focuses on stands of plants that directly affect the health and recreational use of those resources and works with other organizations to develop treatment measures that minimize harm to the environment. Sometimes aquatic plants get out of control. Overabundant vegetation can limit recreational access, restrict flow rates in canals and rivers, interfere with industrial water uses, and harm fish and wildlife. Problems are most likely to arise when exotic plant species are involved. In recent decades, species such as hydrilla, water hyacinth, giant salvinia, giant reed, and saltcedar have invaded many Texas waterways. These introduced plants often grow rapidly, displacing more beneficial native aquatic and riparian species, and they can travel from one watershed to another by way of boat propellers, boat trailers, bilges and livewells and can be further spread downstream and within a water body by fragmentation.
- 2.2. Giant salvinia, a floating fern from southern Brazil, is currently one of the most dangerous invasive aquatic plants in Texas. It damages aquatic ecosystems by outgrowing and replacing native plants that provide food and habitat for native animals and waterfowl. Additionally, it blocks out sunlight and decreases oxygen concentrations to the detriment of fish and other aquatic animals. When plant masses die, decomposition lowers dissolved oxygen still further. Giant salvinia infestations often expand very rapidly. It can double in size in about a week under the right circumstances.
- 2.3. Giant reed, also called Arundo, has become one of the most problematic invasive aquatic/riparian plants in Texas, especially in Hill Country rivers and streams. This species forms dense, monoculture stands, dominating and crowding out native vegetation. Additionally, large stands of giant cane trap sediment, stabilize banks, and alter the morphology of the river channel (narrowing, deepening, reducing braiding), degrade habitat quality, and impact storm water conveyance capacity. Saltcedar, a shrubby invasive tree, has similar impacts on large, low-gradient braided rivers in western portions of the state. Both giant cane

and saltcedar use copious amounts of water and may contribute to reduction in flow. Both species can spread laterally throughout the floodplain, resulting in significant infestations. Infestations on rivers often require treatment using land-based equipment such as backpack sprayers and ATV-mounted sprayers.

### 3. CONTRACT TERM

- 3.1. Initial Contract Term: The contract shall commence on Date of Award and continue through August 31, 2017, unless sooner terminated under the terms of the contract.
- 3.2. Renewal Option: Contract may be renewed for up to four (4) additional one (1) year periods, provided both parties agree in writing prior to contract expiration date. Any extensions shall be in accordance with the original terms and conditions plus any approved changes.
- 3.3. Contract Extensions: In the event that the contract(s), if any, resulting from the award of this RFP shall terminate or be likely to terminate prior to the making of an award for a new contract for the identified products and/or services, TPWD may, with the written consent of the awarded supplier(s), extend the contract for a period of time as may be necessary to permit TPWD continued supply of the identified products and/or services (not to exceed twelve month extension period). Any extensions shall be at the same terms and conditions, plus any approved changes.
- 3.4. Termination: The contract shall terminate upon full performance of all requirements contained in the contract, unless otherwise extended or renewed, as provided in accordance with the contract terms and conditions.
- 3.5. Amendments: The contract may be amended in writing by mutual consent of the parties.

### 4. QUANTITIES

- 4.1. Climate and other varying factors affect aquatic plant growth, and thus the amount of service needed to control nuisance vegetation may vary from each year, making it difficult to predict future quantities and treatment locations. Any quantities specified herein shall not be construed as a minimum or a maximum quantity that TPWD may order.
- 4.2. As specific projects become eligible, TPWD will select Contractor(s) from the Qualified Contractor List to submit specific project proposals. TPWD will specify project quantity when requesting specific project proposals. TPWD will only pay for hours spent conducting pre-treatment and post-treatment surveys or treating vegetation.
- 4.3. Historical Data: The following table provides a breakdown of “contracted” aquatic herbicide application service for selected water bodies over the previous approximate 5-year period. Service for other water bodies listed herein was performed in-house during the specified timeframes, if services were required.

If any such change causes an increase or decrease in the cost of, or the time required for the performance of any part of the services under this contract, whether changed or not changed by any such order, an equitable adjustment shall be made in the contract price or time of performance or both and the contract shall be modified in writing accordingly. Any claim by the Contractor for adjustment under this clause must be asserted within 30 days from the date of receipt by the Contractor of the notification of change, provided, however, that TPWD, if it decides that the facts justify such action, may receive and act upon such claims asserted at any time prior to final payment under this contract. Failure to agree to any adjustment shall be a dispute concerning a question of fact within the meaning of the clause of this contract entitled "Dispute Resolution."

To initiate the process, the Contractor shall submit written notice, as required by Chapter 2260. The notice shall also be given to the individual identified in the Contract for receipt of notices. Compliance by the Contractor with Chapter 2260 is a condition precedent to the filing of a contested case proceeding under Chapter 2260.
  - 14.3. The contested case process provided in Chapter 2260 is the Contractor's sole and exclusive process for seeking a remedy for an alleged breach of Contract by TPWD if the Parties are unable to resolve their disputes as described above.
  - 14.4. Compliance with the contested case process provided in Chapter 2260 is a condition precedent to seeking consent to sue from the Legislature under Chapter 107, Civil Practices and Remedies Code. TPWD may request other information about the change and its impact on the Contract and the Contractor shall supply the requested information within five (5) working days of receipt of the request.

- 22.1. Any proprietary, trade secret or otherwise confidential information Respondent includes in its Proposal must be clearly labeled as proprietary or confidential information, and Respondent must identify the specific exception to disclosure in the Public Information Act (PIA). Merely making a blanket claim the entire Proposal is protected from disclosure because it contains some proprietary information is not acceptable and shall make the entire Proposal subject to release under the PIA. In order for TPWD to initiate the process of seeking an Attorney General opinion on the release of proprietary or confidential information, the specific provisions of the Proposal that are considered by the Respondent to be proprietary or confidential must be clearly labeled as described herein. Any information which is not clearly identified as proprietary or confidential shall be deemed to be subject to disclosure pursuant to the PIA.

The Contractor shall establish a method to secure the confidentiality of records and other information relating to clients in accordance with applicable federal and state laws, rules, and regulations. The obligations of the Contractor under this Confidentiality and Security Article shall survive this Contract and shall be included in all subcontracts.
- 26. TERMINATION:** This contract shall terminate upon full performance of all requirements contained in this contract, unless otherwise extended or renewed as provided in accordance with the contract terms and conditions.
- 26.1. Termination for Convenience: TPWD reserves the right to terminate the contract at any time, in whole or in part, without cost or penalty, by providing 30 calendar days' advance written notice if TPWD determines that such termination is in the best interest of the state. In the event of such a termination, the Contractor shall, unless otherwise mutually agreed upon in writing, cease all work immediately upon the effective date of termination. TPWD will be liable for payments limited only to the portion of work authorized by TPWD in writing and completed prior to the effective date of cancellation, provided that TPWD shall not be liable for any work performed that is not acceptable to TPWD and/or does not meet contract requirements. All work products produced by the Contractor and paid for by TPWD shall become the property of TPWD and shall be tendered upon request. Termination under this paragraph shall not relieve the vendor of any obligation or liability that has occurred prior to cancellation.
- 26.2. Termination for Cause/Default: If the Contractor fails to provide the goods or services contracted for according to the provisions of the Contract, or fails to comply with any of the terms or conditions of the Contract, the TPWD may, upon written notice of default to the Contractor, terminate all or any part of the Contract after providing an opportunity to cure the default.
- 26.2.1. Contractor will be responsible for paying damages to TPWD including but not limited to re-procurement costs, and any consequential damages to the State of Texas or TPWD resulting from Contractor's non-performance. The defaulting Contractor will not be considered in the re-solicitation and may not be considered in future solicitations for the same type of work, unless the specification or scope of work is significantly changed.
- 26.3. The rights and remedies of TPWD provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.
- 26.4. TPWD may exercise any other right, remedy or privilege which may be available to it under applicable law of the state and any other applicable law or may proceed by appropriate court action to enforce the provisions of the Contract, or to recover damages for the breach of any agreement being derived from the Contract. The exercise of any of the foregoing remedies will not constitute a termination of the Contract unless TPWD notifies the Contractor in writing prior to the exercise of such remedy. The Contractor shall remain liable for all covenants and indemnities under the Contract. The Contractor shall be liable for all costs and expenses, including court costs, incurred by TPWD with respect to the enforcement of any of the remedies listed herein.

27. **SURVIVAL OF TERMS:** Termination of the Contract for any reason shall not release the Contractor from any liability or obligation set forth in the Contract that is expressly stated to survive any such termination or by its nature would be intended to be applicable following any such termination, including the provisions regarding confidentiality, indemnification, transition, records, audit, property rights, dispute resolution, and invoice and fees verification.
28. **RIGHTS UPON TERMINATION OR EXPIRATION OF CONTRACT:** In the event that the Contract is terminated for any reason, or upon its expiration, TPWD shall retain ownership of all associated work products and documentation obtained from the Contractor under the Contract, unless otherwise specified.
29. **CHANGE IN FEDERAL OR STATE REQUIREMENTS:** If federal or state laws or regulations or other federal or state requirements are amended or judicially interpreted so that either TPWD or the Contractor cannot reasonably fulfill the Contract and if the Parties cannot agree to an amendment that would enable substantial continuation of the Contract, the Parties shall be discharged from any further obligations under the Contract.
30. **TAXES:** Purchases made for state uses are exempt from Texas State Sales Tax and Federal Excise Tax. An Excise Tax Exemption Certificate will be furnished upon written request to TPWD.
31. **BUY TEXAS:** In accordance with §2155.4441, Gov't Code, the Contractor shall, in performing any services under the Contract, purchase products and materials produced in Texas when they are available at a comparable price and in a comparable period of time to products and materials produced outside Texas.
32. **NOTE TO RESPONDENT:** Any terms and conditions attached to a solicitation will not be considered unless specifically referred to on this solicitation form and may result in disqualification of the response submission. If any respondent takes a 'blanket exception' to the entire solicitation or does not provide proposed alternative language, the respondent's response may be disqualified from further consideration.
33. **ACCESSIBILITY STANDARDS:** Under Texas Government Code, Chapter 2054, Subchapter M, TPWD must procure products that comply with the Accessibility Standards defined in the Texas Administrative Code, 1 TAC 206 and 1 TAC 213, when such products are available in the commercial marketplace or when such products are developed in response to a procurement solicitation. Accordingly, Contractor must provide electronic and information resources and associated product documentation and technical support that comply with these Accessibility Standards (in the form of a Voluntary Product Accessibility Template, or "VPAT") in its response to this RFO. Vendors who do not already have accessibility documentation should complete the form located here: <http://www.itic.org/policy/accessibility/>. Contractors that claim their products are exempt from accessibility requirements must present that position to TPWD as a question during the question and answer period of the solicitation.

35. **SYSTEM FOR AWARD MANAGEMENT (SAM):** Prior to awarding state funds for goods and/or services rendered, the State of Texas will conduct a required search of your firm using the Federal System for Award Management (SAM). This is a Federal government maintained database that records and tracks organizations, either known to or suspected of contributing to terrorist organizations. No state funds may be paid to an individual or firm whose name appears on this list. TPWD reserves the right, in its sole discretion, to deny and/or exclude any individual or firm from an award whose name appears on this list.
36. **FEDERAL DISASTER RELIEF FRAUD:** Under Section 2155.006(b) of the Texas Gov't Code, a state agency may not accept a response or award a contract, including a contract for which purchasing authority is delegated to a state agency, that includes proposed financial participation by a person who, during the five-year period preceding the date of the response or award, has been: (1) convicted of violating a federal

Under Section 2155.006 of the Texas Gov't Code, the respondent certifies that the individual or business entity named in this response is not ineligible to receive the specified contract and acknowledges that any contract resulting from this solicitation may be terminated and payment withheld if this certification is inaccurate.

  - 39.2. The Respondent shall give all notices and comply with all laws and regulations applicable to furnishing and performance of the Contract. Except where otherwise expressly required by applicable laws and regulations, TPWD shall not be responsible for monitoring Respondent's compliance with any laws or regulations. If Respondent performs any work knowing or having reason to know that it is contrary to laws or regulations, Respondent shall bear all claims, costs, losses and damages caused by, arising out of or resulting therefrom.
40. **NO WAIVER:** Nothing in this Contract shall be construed as a waiver of the state's sovereign immunity. This Contract shall not constitute or be construed as a waiver of any of the privileges, rights, defenses, remedies, or immunities available to the State of Texas. The failure to enforce, or any delay in the enforcement, of any privileges, rights, defenses, remedies, or immunities available to the State of Texas under this Contract or under applicable law shall not constitute a waiver of such privileges, rights, defenses, remedies, or immunities or be considered as a basis for estoppels. TPWD does not waive any privileges, rights, defenses, or immunities available to TPWD by entering into this Contract or by its conduct prior to or subsequent to entering into this Contract.
41. **NO LIABILITY UPON TERMINATION:** If this Contract is terminated for any reason, TPWD and the State of Texas shall not be liable to Contractor for any damages, claims, losses, or any other amounts arising from or related to any such termination. However, Contractor may be entitled to the remedies provided in Gov't Code, Chapter 2260.
42. **DECEPTIVE TRADE PRACTICES; UNFAIR BUSINESS PRACTICES:** Respondent represents and warrants that it has not been the subject of allegations of Deceptive Trade Practices violations under Tex. Bus. & Com. The Respondent also represents and warrants that entering a Contract with TPWD will not create the appearance of impropriety. In its Bid/Proposal, the Respondent shall disclose any existing or potential conflict of interest that it might have in contracting with TPWD. - 45.2. Respondents must comply with all applicable Texas and federal laws and regulations relating to the hiring of former state employees (see e.g., Texas Gov't Code Chapters 572 and 573). Such "revolving door" provisions generally restrict former agency heads from communicating with or appearing before the agency on certain matters for two years after leaving the agency. The revolving door provisions also restrict some former employees from representing clients on matters that the employee participated in during state service or matters that were in the employees' official responsibility or from working for certain entities after their state employment. - 46.3. The Respondent represents and warrants that all of the above coverage will be obtained from companies that are licensed in the state of Texas, have an "A" rating from Best, and are authorized to provide the coverage. The Respondent shall furnish proof of insurance upon request of TPWD.
47. **SEVERABILITY:** If any provision of the Contract is construed to be illegal or invalid, such construction will not affect the legality or validity of any of its other provisions. The illegal or invalid provision will be deemed severable and stricken from the contract as if it had never been incorporated herein, but all other provisions will continue in full force and effect.

50. **CHANGE MANAGEMENT:** The Respondent agrees that the key personnel assigned to the Contract shall remain available for the entirety of the project throughout the term of the Contract as long as that individual is employed by the Respondent or unless TPWD agrees to a change in the key personnel.
51. **FEDERAL, STATE AND LOCAL REQUIREMENTS:** Respondent shall demonstrate on-site compliance with the Federal Tax Reform Act of 1986, Section 1706, amending Section 530 of the Revenue Act of 1978, dealing with issuance of Form W-2's to common law employees. THE DEFENSE SHALL BE COORDINATED BY CONTRACTOR WITH THE OFFICE OF THE ATTORNEY GENERAL WHEN TEXAS STATE AGENCIES ARE NAMED DEFENDANTS IN ANY LAWSUIT AND CONTRACTOR MAY NOT AGREE TO ANY SETTLEMENT WITHOUT FIRST OBTAINING THE CONCURRENCE FROM THE OFFICE OF THE ATTORNEY GENERAL. CONTRACTOR AND TPWD AGREE TO FURNISH TIMELY WRITTEN NOTICE TO EACH OTHER OF ANY SUCH CLAIM.
- 52.2. **Infringements:**
- 52.2.1.
